Farmers appear very much aggravated over the weather, wanting to sell out go east, west, north and south &c, on account of the last year's drought followed by a severe winter, but we should remember there is one who rules this nation that makes no mistakes, and doeth all things well and for our best interest and we should learn to take things they control, and as we would have them, so arouse from your dependency, be cheerful, hopeful and contented and go forward this spring with new zeal, with new courage and fixed resolution and make the greatest effort of your life and in so doing you will reap an abundant harvest.

The first snow of any consequence since the 29th of December and with the exception of seven days the ground has been covered for eight weeks, and we think there was but one day during this time that the ground was entirely clear of snow. Last week was given over to skating

and counting by the young people and children. Miss Allie Reid wears the blue ribbon as being the most graceful skimmer over frozen surfaces. Miss Zola Main takes the red. There certainly was no fascination in the sport from a vigorous manner it is pursued. It was a novel sight in my day to see a young lady with skates on and when Miss Lizzie Seymour (the late Mrs. Hugh Phillips) came here and could really skate, we looked to the ponds to witness her graceful maneuvers and some learned then the now popular amusement.

The wall of distress and pleas for charity this severe weather reach us from all points. That the milk of human kindness flows in many lives is daily evidenced and gorgeous apparel and dazzling toilets can cover as warm, sympathetic hearts as more humble uniforms. Still the old adage about the "ill wind" is also verified and is strikingly illustrated in these blizzards which are a veritable wind fall to the unemployed of large cities in the business of removing snow and ice from pavements and door-steps. Harvesting a big ice crop furnishes employment for erst-while idle men, thousands of them stowing away the summer luxury. After all, if joy and woe, plenty and want, employed and unemployed, were placed in Juxta position the scale would balance and why? An Omnipotent hand, guiding and leading is left to chance. There's a lesson in the elements, isn't there?

On last Saturday morning Will Fontaine, oldest child of Mr. and Mrs. James Fontaine, exchanged mortality for immortality. Will was in his 22nd year and had not been in good health for a number of years, and though the best of medical attention was rendered here and in Louisville, he decided steadily to tell released from him from care and suffering. Will was kind and generous to his mother, obedient to his father and affectionate toward brothers and sister. The grand jury met here with a great excitement but the Nazarene steps forth and says, "Come unto me, ye who labor and are heavy laden and I will give you rest." He heard his father but is unable to lead them through darkness into the eternal light of love and truth. The firm of Drury, Bennett & Co., have, incoined, divided and separated. We now have three stores, and hope you folks who have money and want goods can give us a call.

Farm work has been at a standstill for several weeks on account of the severe cold weather. Look for stock growers soon and the cry of "hard times" is heard on every side.

And the weather! We are still hard at work warming ourselves and keeping the "frost line" at the door. We are surprised with going on the beautiful snow and long winter for a change.

Little Hurbit Cain, whose folks have attended the meeting regularly leaving him home by the fire says "he wishes they would have a meeting for little boys and he wants Bro. Sermon to preach."

The News' motto writers "clatter" with much "Common Sense" on the different views of that much discussed question, Mother's Day. In the days of Mother Goose so it is with us Bewleyville folks. "The want of money makes us sad."

Miss Ada Drury closed her school here Feb. 6th. The next Monday she went out to Irvington and began a school there. We ought to have here and know those people are "in luck." What will our friend do for inspiration.

We also once had a couple of nice friends Mr. Herbert Cain and Miss Louie Cox. Since Dec. 20th they have been "lost to sight," and as they are to "memory dear," we would be glad to have them back to the "Honey-moon."

The other day I saw a dear girl receive a check for only half of the amount due for her school work for the month of Jan. I saw the work book. I immediately after the ceremony they accompanied by a few select friends, returned to the home of the groom where a bountiful repast awaited them.

For a bold man from another body Kentucky is disgraced and the persons in authority are responsible, and should set about to make this thing right. The amounts will have to be paid as the Editor said, and it will be a grievous burden.

Bro. Cundiff returned home last Monday, was to go to come back again, but our meeting continues up to-day (Sunday). It has been unique as well as pleasant and a success. Bro. Hawkins look the lead and the four ladies above mentioned, who are all preachers, worked faithfully. There have been several conversions and the good work I think is of a lasting kind. All these folks are sanctified and preach a complete salvation. Our town has been in lively discussion on this subject all the while. To those who oppose I want to say, "Be careful." There is much in the Bible in favor of this doctrine and what if in the future you be found to have fought against the Holy Spirit?

THE NEWS ON TOP.

The Jury Give a Verdict for \$39 in Our Favor Against Ad. Gen. Gross.

AN INTERESTING TRIAL.

The case of the BRECKENRIDGE NEWS proprietors against Gen. A. J. Gross was called for trial in the Circuit Court at Hardinsburg last Thursday. The suit was on an account against Mr. Gross made while he was a candidate for the Democratic nomination for a seat in the Kentucky State Senate. Mr. Gross had strong opposition in the race and the News rendered service for him in the way of publishing communications with reference to the race for which he agreed to pay. When the nomination was won and Mr. Gross' election made sure, the News presented its bill to Mr. Gross which he declined to pay. He said on the witness stand that he never agreed or contracted to pay for any such matter. The editor of the News said he did agree and contract to pay for the publications and the verdict of the jury rendered in our favor for \$39 bears out the statements made by the News.

The amount sued for after deducting some payments made by Mr. Gross was \$123. This is the amount we should have had, but we are not entering any complaint against the jury because they didn't give us a verdict for the full amount.

The case was a new one in the court house on many respects and several legal points were raised in the progress of the trial that were quite interesting. Hon. Geo. W. Jolly and Dr. R. Murray made a strong appeal to the court, on what they said was the law, that the suit was against public policy, and should have been dismissed. On this motion the point was made that the communications were published without regard to the truth or falsity and hence no action could be maintained to cause their payment. The contrary of this was true because the publishers are not, and could not have known at the time the publications were made whether they were true or not. More over the communications were simply expressions of opinion from Gen. Gross' friends to his friends for the position he was seeking. To say that they were published regardless of their truth, etc., came in bad taste from Gen. Gross and his associates, because the readers of the News remember that the articles were commendable of Mr. Gross, setting forth his fitness for the position, etc.

The motion made by the defense therefore that the suit was against public policy was overruled by the court and the case went to the jury on the facts.

There was large attendance in the court room and the public seemed eager to hear all the details of the case.

Dr. B. Babbage, plaintiff, was the first witness. He said in substance that he had a clear and distinct understanding with Gen. Gross that anything to his interest which came up in the canvass, plaintiff was to publish it and his taxes, three of which granted his birthday cake and which little Claire bestowed with a "favor" upon each of her little friends when leaving. They all had a good time and wished a little for many happy returns of the day.

IRVINGTON.

Mrs. Tom Smith is visiting her mother this week.

Our best wishes and congratulations to Mr. and Mrs. Marvel Bewley.

Masters Roy and Willie Wynn are attending school here this term.

Miss Mollie Lyons and her father made a short visit to Louisville this week.

Miss Lucy Frank attended by Mr. Brown, of Cloverport, was on the sick list this week. Only a "bad cold" which seemed prevalent.

J. R. Newsum, Owensboro; Robert Newton, Louisville; Mr. Bailey, Wolf Creek; registered at McGlothlin House last week.

Mr. Floyd Roberts visited his aunt, Mrs. Kate Carter in Cloverport last week. We are always glad to have our boys home again.

Mrs. Wm. N. Drury, Bewleyville, came over from her home, paying Miss Ada a hurried call. Then on to Mrs. Robert McGlothlin's for a day and night.

Our town was almost devoid of "the Ladies of Green" Monday night, nearly everyone of them having been called to Hardinsburg on legal business.

Mr. Herbert Worland, clerk on the City of Owensboro, after spending several days with relatives in the community, returned to Brandenburg to await the "break up" in the river.

A slight blizzard on the roof of the school house caused some excitement in town Friday morning, but by the timely arrival of some of the citizens with water buckets it was extinguished with but slight damage to the building.

Miss Lilly McGlothlin was circulating among old friends Friday and Saturday. Miss Lilly has a host of friends who miss her smiling, happy face from among them and who are always pleased to give her a hearty welcome.

Miss Emily Munford returned from Hardinsburg Friday. We feel sure Miss Emily has many sympathetic friends in Hardinsburg, which place, also, has many tender memories of a pleasant term spent several years ago.

Misses Bettie McElreath, Bess Washington and Daisy Mercer were delightfully entertained by Mrs. Jimmy Lewis to dinner last Saturday. Mrs. Lewis is a charming hostess and her young friends felt themselves particularly favored.

Our hearts go out in sympathy to Mr. and Mrs. Wimp in the sudden shadow which has fallen upon them. May the white wings messenger of peace comfort them for the loss of their little treasure which "budded but to blossom in eternity."

I wish to say that anyone having items they would like inserted, if they will send them to me previously to Sunday afternoon, I will take pleasure in favoring them. No wish tonight anyone, but all my friends and we understand Owen is very much pleased in his present quarters.

Mrs. J. H. Payne, whilst about her household duties, slipped and fell on the ice, bruising her arm and sustaining injuries, but we are glad to report she is getting along nicely.

We trust from the pretty weather we are now having that the back-log of winter is broken and that it won't be long before everyone can be
